

The prime meridian

Year 4

Spring Term Two Homework Project Latitude and Longitude.

It is time to get creative year 4. I would like you to use materials that you have at home to make one of the following:

1. Make a model/drawing of one of the earth labelling the lines of longitude and latitude, equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones.

Or create your own idea as long as it is related to Latitude and Longitude.

2. Draw your own map of the UK labelling major cities and using a key.
