

Ethos Committee NEWSLETTER 2024/2025

SPRING Term Two –

Our new Behaviour & Relationships Policy

Our Ethos Committee met this week to discuss the school's new Behaviour and Relationships Policy. We met with Father Jeremy and Mrs Walker to discuss The Wardley Way and what our expectations are as a school.

We focused on the 5 values and how we would explain these as a school. We decided on the following wording:

Value	The expectation of our 'Wardley Way'
Respect	We respect ourselves, others and the environment
Friendship	We are supportive, kind and friendly to others
Trust	We have trust in ourselves and others
Courage	We have the courage to stand up for what we think is right and to keep on going when we face challenge.
Perseverance	We show perseverance in our learning, even when it is challenging.

We also discussed what we could do help everyone in our school to follow our Wardley Way. These were our ideas:

Senior Pupil shout outs to those they have seen following the WW, more marbles in our treat jar when everyone has shown values of the WW, more PSHE lessons about it, Well-being days linked to it, each Ethos Committee member is an advocate of one value, posters around school to promote the WW, gold stars for bookmarks for those who show the values all day, promote our Bible quotes linked to each value and playground games that promote perseverance.

We decided that we would like to host a poster competition to promote the values of the Wardley Way and the winning entries would be laminated and displayed around school. They would also receive a certificate for their design. We look forward to explaining this to the whole school in our next collective worship and we cannot wait to see the poster entries as we know they will be wonderful.
