Dear Parents/Carers,

Re: Information for Parents & Carers about Bereavement Support.

Unfortunately, over the next few weeks and months, our Wardley school community may encounter a bereavement of a family member. Grief is a very personal experience, and every child and person will experience it differently. Wardley CE Primary School is fully committed to helping families suffering from bereavement in a supportive and caring way.

We have a bereavement protocol in place and Mrs Walker (Deputy Head Teacher) and I have been nominated as the key people to take responsibility for managing this. If any families are sadly impacted by loss, you will receive our utmost care. If you wish to seek support, please email school. Our key staff will then make contact with you and discuss how best to provide the help that we can. We will support each pupil and family, guided by their own unique needs in a sensitive and compassionate manner.

We will also of course link with relevant staff in school after discussion with families. It is important that we work together to provide the help and support to everyone involved as required.

Please see the links below to websites that may also be of help:

Many thanks for your continued support.

Yours sincerely,

Mark Foster,

Head teacher.
